

Submission Steps

Step 1: Go to BlockseBlock Dashboard - <https://blockseblock.com/dashboard> and you will be able to see the hackathon -> Click on **“Create Project”**

Step 2: Enter your unique **Project Name** -> Select the **Problem Statement** you have chosen -> Click on **“Save & Next”**

Step 3: Provide the **mandatory** links as per the submission requirements -> Click on **“Submit Now”**

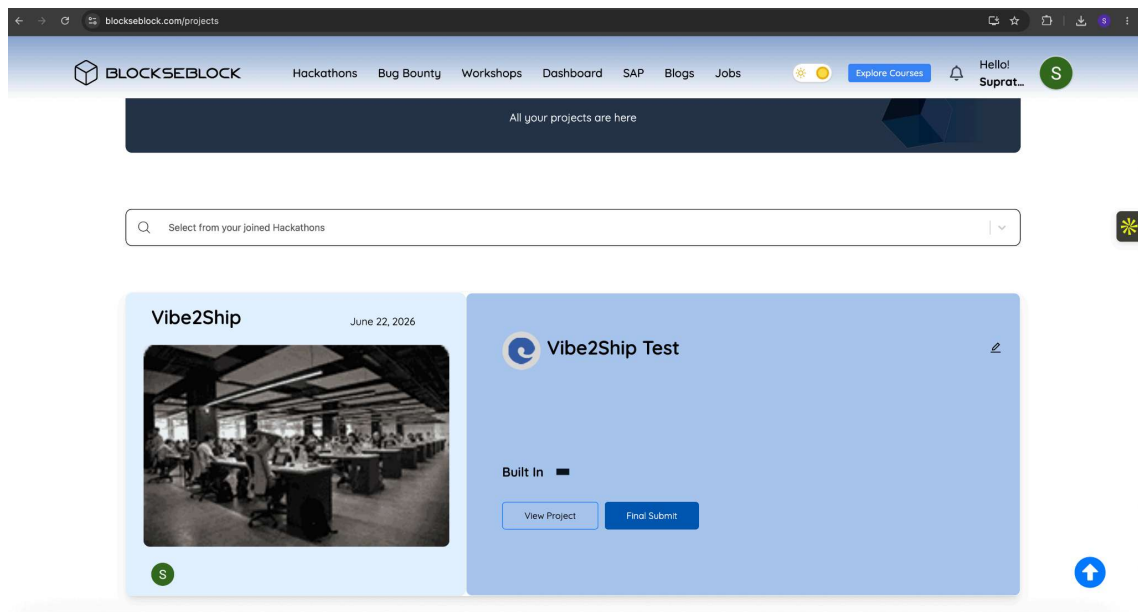

A screenshot of a web browser showing the 'Project Details' form. The form is titled 'Project Details' and 'Mandatory Fields'. It is labeled 'Step 2 of 2'. The form contains three sections: 'Deployed Application Link' with a '+ Add Link' button, 'Project Description(Google Doc Link)' with a '+ Add Link' button, and 'GitHub Repository Link' with a text input field and a 'Repository Visibility' dropdown set to 'Public'. At the bottom are 'Previous' and 'Submit Now' buttons. The browser address bar shows 'blockseblock.com/createProject/de40a19f-6823-41fd-b97b-7f5b70ea6d92/Building%20Phase'.

Step 4: Toggle On both Note -> Click on **“Continue”**

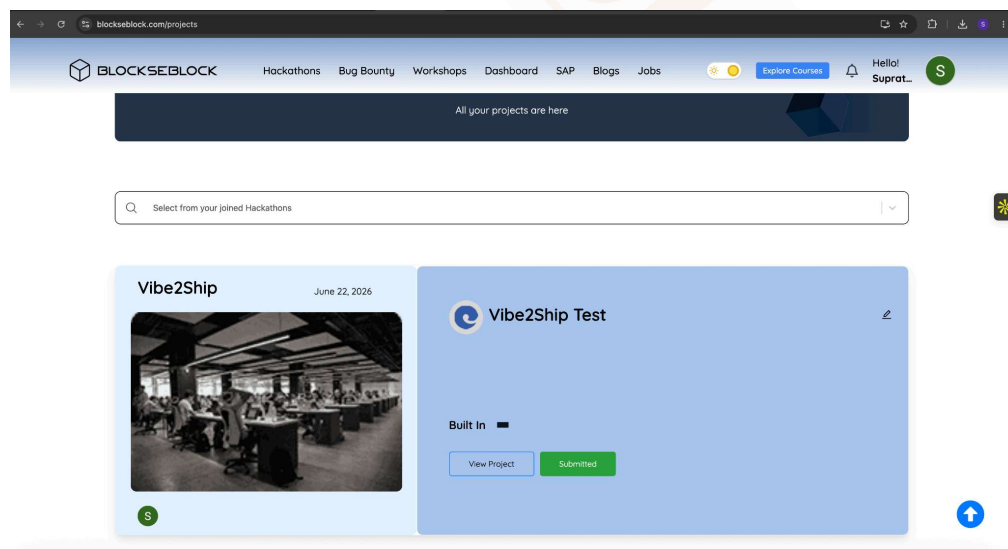

A screenshot of the same submission interface as in Step 3, but with a modal dialog box open. The dialog has a title 'Important Note' and contains two messages: 'On the next page, you'll see a button labeled "Final Submit" — your project will only be officially submitted after clicking that button.' and 'Projects marked as Inactive or On Hold cannot be submitted.' Below the messages is a 'Continue' button. The background form is dimmed.

Step 5: Click on **“Final Submit”** (Note: Please proceed with this step only when you are fully satisfied with your submission. Once completed, you will not be able to modify, edit, or resubmit your entry.)

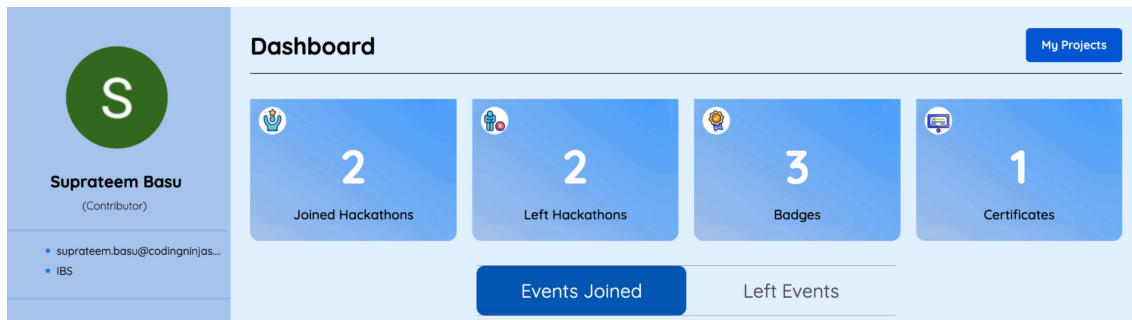

You have now successfully submitted your solution

Important- Step 5 is compulsory otherwise your submission will be in drafts. To verify your submission, follow below steps-

Step 1: Go to your Dashboard -> Click on “My Projects”

It should show Submitted against your project
